***Kufika!@ 2010 Chair***

Do you know any high school juniors? Consider placing them in the North Texas Business and Professional Women's League's ***Kufika!@***. This is our award winning signature program. ***Kufika!@*** is an African American and African rites of passage program for high school seniors. The program provides a journey starting with an Induction in June, and culminates with an ethnic Gala in December. These Kawaidians, or high school seniors, participate in varied activities under the National Association of Negro Business and Professional Women's Club mandated areas of Health, Education, Employment and Economic Development. This includes earning an educational scholarship, a Black Wall Street Heritage tour and mentorship opportunities with someone in their chosen field or interest.
